

THE BOOK OF INTERIORS IRELAND 2007

THE ULTIMATE COLLECTION OF STYLISH INTERIORS 2007

A bright yellow bowl is the central focus, resting on a light-colored wooden table. The background is dark and out of focus, showing a vertical wooden post and a horizontal white bar. The lighting is soft, highlighting the smooth texture of the bowl and the natural grain of the wood.

O'DRISCOLL FURNITURE

Tadhg and Simon O'Driscoll are contemporary furniture designers with an international reputation, manufacturing a wide range of furniture for architects, interior designers, and corporate and domestic clients who have included the Clarence & Morrison Hotels, Morgan Chase Manhattan Bank and U2. As well as offering a bespoke design service they have their own line of furniture and accessories for the home and office, labelled "Tadhg + Simon", with the latest designs on display in the Lombard Street showroom (Dublin) and on their new look website. Currently the brothers are working on a new range of bamboo furniture for 2007 which is environmentally friendly and lightweight, yet strong. "Think more eco" is their tip for the future along with "any shade of white except white", allowing furniture, art and floor finishes to colour the space. Furniture designer Charles Eames is their hero.
